Projects

CHARITABLE TRUST MANAGEMENT SYSTEM

Its an Application for Charitable Trusts where users can easily register, browse children's profiles, and schedule appointments. Additionally, I integrated donation features and donor testimonials to support the trust's mission of helping children in need.

SHOPPING APP (MINI PROJECT)

A shopping app where users can easily search and filter items.

Objective

I always wanted to be a developer, Because being able to put my skills into development inspires me to learn more and learning new skills is a part of my life as a developer. and web development is something I am very much interested in. I am looking for a workplace that provides me a platform I want to work on with the skills and technologies I am good at.
